PURPOSE: To refer low volume and more complex tests to outside laboratories that specialize in such procedures and utilize high quality, state-of-the-art, cost effective procedures. These laboratories must be licensed and approved by appropriate state and federal agencies as well as professional organizations such as the Joint Commission (JCAHO) and the College of American Pathologists (CAP). The Laboratory Director, in consultation with the medical staff, is responsible for the selection of reference laboratories.

POLICY: Authorized outside laboratories are:
