Page: 1 of 2

SCOPE: Laboratory

PURPOSE: To show a current list of designated personnel who will ensure the compliance of all staff performing and supervising the current Point of Care program.

DEFINITIONS:

POC = Point of Care

ACT = Activated Clotting Time

POLICY:

1. The following waived and non-waived tests are currently performed under the HRMC Point of Care Program:
 - A. Glucose Monitoring by Accucheck Inform Meter
 - B. Urine pregnancy by Quidel test kit.
 - C. Occult blood by Hemocult card kit.
 - D. Urine dipstick by Clinitek Status Plus
 - E. Amnioswab for pH Nitrazine by ProLab (non-waived)
 - F. Amnisure for Ruptured fetal membrane by Amnisure (non-waived)
 - G. ACT by Hemochron Signature Elite (non-waived)
 - H. Whole blood Creatinine by Abbott IStat
 - I. Chem 8 and Troponin by Abbott IStat (Troponin non-waived)

Dr. Jun Li, MD, PhD - Medical Director, Laboratory – director named on HRMC CLIA certificate; identifies the staff responsible for performing and supervising the waived testing including the licensed independent practitioners who perform waived testing appropriate to their scope of practice in which they are authorized to perform.

Margaret Ashworth, MS, MT(ASCP) – Manager, Laboratory – qualified designee in identifying the staff performing and supervising the waived testing.

Cristina Hom, MLS (ASCPcm, CPOC) – Point of Care Coordinator, Laboratory – qualified designee in supervising the training, educating, and monitoring each user’s competence; establishes written policies and procedures; review of quality control and patient results as scheduled but not less than the required standard; and instrument maintenance and troubleshooting.

Donna Kendrick, BSN, CDE – Staff Education Manager, Nursing – qualified designee in supervising the training and education of the nursing staff and monitoring each user’s competence.

The following managers/coordinators will also follow the monitoring of their staff
